Day 3 Torrontes on the table

Accompanied by the wine expert guide we will continue with the Torrontes Glam in Alta Vista Wines, a family winery that belongs to the French family D'Aulan. We will taste a torrontes made with grapes from a vineyard in Cafayate, Salta that produce this excellent wine.

The visit to the winery to learn the secrets of the wine is a journey that ends in the tasting room where we will taste the wines from "Los Escasos" brand.

To continue we will go to Vistandes winery located in Maipú. One of the most technologically advanced wineries of Argentina, which combines the best vineyards in the country with an extensive experience in winemaking.

We will taste the torrontes from the Famatina Valley, La Rioja that grows at 1000 meters above sea level. This is a wine with the typical characteristics of torrontes: plenty of tropical fruit in the mouth and a floral touch. Has a fresh finish in mouth.
