

OUR PROGRAMS

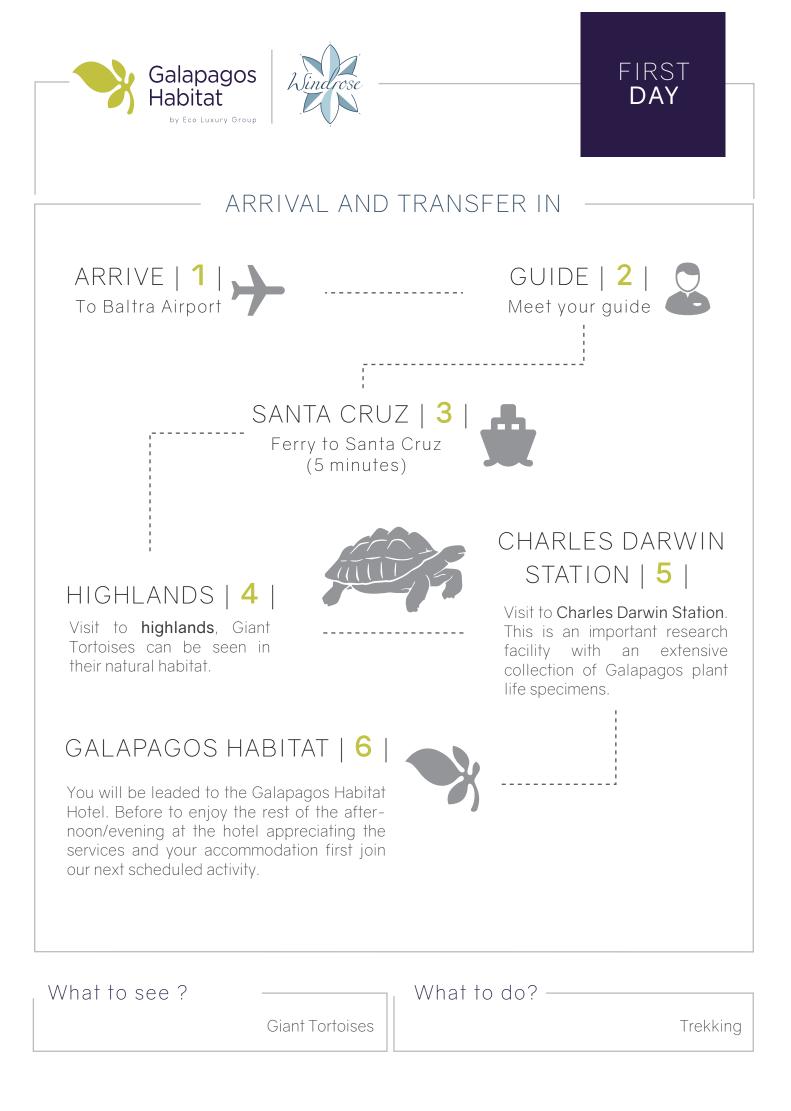

*Tailormade and Island hopping available under request.

When arriving at the Galapagos airport, you must first pass through the Galapagos National Park entrance and then onto baggage claim. Continuing through the airport with your baggage you will scan your belongings once more and then finally pass through.

Special Note: The following itinerary includes all necessary details on each day's activities. If you have further questions please contact your Account Manager or Travel Agent.

ISLAND

(2 hours navigation aprox.)

BACHAS BEACH | **3**

At this beach, you can choose to rest and/or swim in the wonderful Galapagos waters.

North Seymour Island is great for hiking. There is a circular path about 2 miles long that crosses the interior of the island which allows you to explore the rocky coastal path. On this trail, you will be able to discover some of the largest seabird colonies in the Galapagos Islands.

What to see ?

Blue-footed boobies, bright and colorful frigatebirds, sea turtles, Galapagos sharks, sea lions.

Trekking, snorkeling, swimming.
