

## WAYRA THE CELLAR

An intimate corner, marked by good taste and the kind of worldly sophistication that harmonizes with our specially conditioned Wayra's cellar, where some of the finest wines in the world are stored. A beautiful dining room for 12 people, specially designed for cozy private dinners. Nacho Selis, our resident chef and Gino Pacheco our expert sommelier, are always ready to discuss the menu and the perfect wines to serve. These dinners can last for several hours, comprising the five, seven or ten step menus required to learn about wine tasting. Dishes here are created by the most discerning palates and only using local ingredients. The desserts are unique, the surroundings a delight to the senses.
